Health matters no powers have actually been delegated to him and he may be entrusted with the work of the disposal of routine papers and the conduct generally of the Sanitary business and Correspondence in the district:

6 Submitted for orders as to whether the draft rules received with serial No 1 may be approved.

1-5-17 The analogy between the St. San[t] office and the St. Excise office is not very close. Apart from this consideration the proposal of the San[t] Commr does not affect the status of the San[t] office materially so far as his St. work is concerned. The question is whether it is essential to adopt the proposed rule.

M. Srinivasa Rao, Esquire., M.A., M.D., D.P.H., &c.,
Sanitary Commissioner in Mysore, Bangalore.

To

D. M. Narasinga Rao, Esquire., B. A., B. L.,
Secretary to the Government of H. H. the
Maharaja of Mysore, General Department
B A N G A L O R E.

Sir,

In submitting the accompanying copies of correspondence, I have the honor to state that the Deputy Commissioners of the Districts, in each of which there is at present a whole-time Sanitary Officer, agree to the nomination of the District Sanitary Officer as the office as well as the Executive Assistant to the Deputy Commissioner in the Sanitary Department and to the delegation of powers and responsibilities consequent on such arrangement. The District Sanitary Officer is at present in practice a purely advisory officer and as an adviser his task is quite light involving no responsibilities that go beyond merely giving the advice. If his advice is not carried out badly, he himself escapes the blame. It is to remedy this state of affairs that the District Sanitary Officer is proposed to be made the Personal Assistant to the Deputy Commissioner in Sanitary matters. In this capacity he would be in a position to act in the name of the Deputy Commissioner in routine matters. He would also take steps to place the work of Sanitary Inspectors on a satisfactory basis and prevent their being employed on duties other than Sanitary. There are other numerous items of work of a similar nature that, without proper assistance, a Deputy Commissioner cannot possibly find time to look into and which on that

that account contribute towards the lack of efficiency in the Sanitary activity in districts. I beg therefore that you will be so good as to move Government to lay down the relation - between the Deputy Commissioners of the 4 Districts referred to, and the District Sanitary Officers, in accordance with the terms of the draft herewith submitted. The draft if - approved will later on find a place in the rules relating to the duties of District Sanitary Officers, the draft whereof will shortly be submitted to Government. But I consider the present proposal to be so important as to need, independently by itself, the ~~only~~ early consideration and approval of Government.

I have the honor to be

S I R,

Your most obedient servant,

M Srinivasa Rau

Sanitary Commissioner.

Letter No. C. 891 dated the 15th March 1917, from the Sanitary Commissioner in Mysore, Bangalore to the Deputy - Commissioners of Mysore, Kadur, Shimoga and Hassan Districts.

I am asked by Government to frame, for their approval, rules defining the powers and duties of the District Sanitary Officers, both full-time and ex-officio. (vide para 2 e of Government order No. 5113-63 San. 86-13-35 dated the 8th - February 1917). As regards the full-time District Sanitary Officers- of whom one is in your district- I propose having among other things, a rule somewhat on the lines of the - accompanying draft. I am sure you will agree that, isolated from the established scheme of District Administration, the District Sanitary officer would have little opportunity for effective work and might in time tend to be a source of encumbrance rather than of efficiency. As to what extent he might be entrusted with powers to act in your name, you are of course the best judge.

2. I shall be obliged if you would kindly let me know if the enclosed draft rule has your approval and what modifications, if any, you would suggest.

3. I request to be favoured with a reply on or before the 25th instant.

Letter No. O. C. 1492 (L.B.) dated the 20th March 1917 from the Deputy Commissioner, Shimoga District to the Sanitary Commissioner in Mysore, Bangalore.

With reference to your No. C. 891 dated 15th March 1917 forwarding Draft Rules defining the powers and duties of the District Sanitary Officers for approval, I have the honor to state that the draft is quite suitable.

D. O. No. D. Dis 293 L. B. dated 18th March 1917, from the Deputy Commissioner , Mysore District to the Sanitary Commissioner in Mysore, Bangalore.

With reference to your D. O. Letter No. C. 891 dated the 15th instant, I am of opinion that the proposed draft rule is

is suitable, but I have to point out that the establishment alloted to the District Sanitary Officer in the District is quite inadequate and that the compilation of vital statistics cannot be undertaken by the District Health Officer with this establishment. It is therefore absolutely necessary that at least one additional statistical clerk should be given to the District Health Officer.

Camp No. 108/ 16-17 dated 24th March 1917, from the Deputy Commissioner, Kadur District to the Sanitary Commissioner, in Mysore, Bangalore.

I am in receipt of your letter No. C. 891 dated 15th instant , and to state that a general rule on the lines suggested by you may be made applicable to full-time District Sanitary officers of whom one is attached to this District.

In all matters affecting Sanitary conditions of villages and towns, his advice and active aid should be made available and his relations with the Deputy Commissioner as, regards Sanitary works and measures should be precisely similar to those subsisting between Assistant Commissioners of parallel rank and the Deputy Commissioner.

The Deputy Commissioner may delegate to the District Sanitary Officer such powers of control and supervision over Sanitary establishment as may be deemed necessary.

D. O. No. N. D. 598/ L.F. dated 27th March 1917, from the Deputy Commissioner, Hassan District to the Sanitary Commissioner in Mysore, Bangalore.

With reference to your D.O. No. 891 dated the 15th instant enclosing a draft rule defining the duties of the District Sanitary Officer for my opinion I am to state that the draft rule has my approval.

" C O P Y "

M Srinivasa Rau

Sanitary Commissioner.

DRAFT RULES RELATING TO THE DUTIES OF DISTRICT SANITARY OFFICERS.

----------: O :----------

The office of the District Sanitary Officer shall - form an integral part of the Deputy Commissioner's office - wherein all branches of work pertaining to sanitation in the District, including the compilation of vital statistics, shall be conducted. The Deputy Commissioner may, with such ~~limitations~~ limitations as to him may seem necessary, delegate powers to the District Sanitary Officer to carry out. in his capacity as Assistant, the routine work of the department and to act in the Deputy Commissioner's name under proper approval and orders.

A. Srinivasa Rau Esquire., M.A., M.D., B. SC., (Lond)
D. P. H., (Cantab) & F. C. S., (London.)
Sanitary Commissioner with the Government of His
Highness the Maharaja of Mysore, Bangalore.

To

D. M. Narasinga Rau, Esquire., B. A., B. L.,
Secretary to the Government of His Highness
the Maharaja of Mysore, GENERAL Department,
BANGALORE.

Sir,

With reference to your letter No. 6907/ San 114-16-[illegible] dated the 30th ultimo enquiring whether the rules (1-4) appended to Government Proceedings No. 3447-57San. 150-10-2 dated the 8th November 1911 do not meet my proposal in regard to the appointment of the District sanitary Officer as the Personal Assistant to the Deputy Commissioner in the sanitary Department, I have the honor to explain that although the existing rules declare the District Sanitary officer to be the Deputy Commissioner's Assistant in Sanitary and Health Matters, no powers have actually been delegated to him. My present proposal is a necessary corollary- but of a positive kind- to the existing rule, and seeks the sanction of Government whereby the Deputy Commissioners concerned might be enabled to delegate certain powers to their Sanitary Officers. The position is analogous to that in the Excise Department in the case of which orders were passed in Government Proceedings No. Fl 3338-86 S. R. 124-14-2 dated the 18th December 1916.

2. The Deputy Commissioners will issue such general

general or special orders, which on the one hand will ensure that their own orders on important papers or on certain specified classes of papers are previously obtained and on the other, will delegate to the District Sanitary Officers certain powers for the disposal of routine papers and the conduct generally of the Sanitary business and correspondence in the District.

I have the honor to be
